

PROSOLVE

MODERATE FOAMING ALKALINE SOLVENT DETERGENT

DESCRIPTION

PROSOLVE is a heavy duty, liquid hard surface cleaner and degreaser

ADVANTAGES

- Quick acting - high active content
- Good fat and oil removal
- Cost effective
- Environment and user friendly
- Contains builders for water conditioning

DIRECTIONS

Surfaces to be cleaned may be sprayed or soaked with product. Solutions concentrations from 1% for light oils to neat product for heavy grease/oil removal. Elevated temperatures will improve cleaning properties but not essential. Safe to use on most metals and hard surfaces. After the required contact time product solution should be rinsed off by water soaking or spray jet with water
